Durable: made of aerospace Aluminum-Titanium alloy
Balanced: 3D laser scanning for static and dynamic control
Anti-corrosion: robotical AkzoNobel powder coating
Performing: high efficiency and reduced consumption thanks to blades perfect cupping

Mounting Kit

Durable: made of A4 Duplex ASTM-A890 Stainless Steel
Balanced: 3D laser scanning for static and dynamic control
Anti-corrosion: mirror polishing with electrolysis technology
Performing: high efficiency and reduced consumption thanks to blades perfect cupping

4960030	Hub Kit				PK	

Hub Kit 4960030

Durable: made of aerospace Aluminum-Titanium alloy
Balanced: 3D laser scanning for static and dynamic control
Anti-corrosion: robotical AkzoNobel powder coating
Performing: high efficiency and reduced consumption thanks to blades perfect cupping
